

BROTHERHOOD REFUSES TO HOLD STRIKE ORDER

D. H. McINTOSH'S

DEMOCRATS TO MAKE A BIG FIGHT

Will Have National Leaders
for Special Election for
Congressman.

Washington, March 16.—The Democrats are going to make a hard fight to elect a Democratic successor to Congressman Cyrus A. Sulloway, in the special election to be held in the Manchester district soon. It was indicated here today.

Three of the best Democratic campaigners in the last presidential election, Speaker Champ Clark, Senator Ollie James and Congressman Tom Heflin were today invited to campaign for the Democratic nominee. They accepted, provided they can get away at the time the campaign is on. The Republicans have not yet made plans for the campaign, so far as can be learned at Washington.

Democratic State Committee Meets at Concord Tuesday

Concord, March 16.—A meeting of the Democratic state committee to be held next Tuesday afternoon in Capital hall was called this afternoon by George E. Farrand, chairman of the state committee. It is expected that at this meeting the date will be set for the Democratic caucuses in the first congressional district for the nominating of a candidate for the special congressional election called by Governor Keyes for May 29. As the Jackson day banquet will be held on Tuesday evening it is expected that the afternoon meeting will be largely attended.

GREENLAND

During Passion Week the churches will unite in the Sunday services and meetings will be held each evening during the week, alternating between the two houses of worship. This is the proposition now, but a more definite notice will be given later.

Mrs. William P. Fink of New York was a recent visitor in town.

Mrs. Herman Routhelle went to Lynn, Mass., recently called there by the death of her uncle, Mr. Moody. She remained over night.

Mrs. Don Wentworth will be the hostess at the meeting of the Helping Hand Society this afternoon.

This Women's Missionary meeting of the Methodist church was held with Mrs. John W. Weeks on Thursday afternoon of this week. They united their home and foreign meetings for conference. This was the annual meeting of the foreign society and the board of officers were re-elected as follows: Mrs. French Gilmore, president; Mrs. William H. Norton, vice president; Mrs. George W. Lord, secretary; Miss Albert Bennett, treasurer; Miss Lois

Men Who Could Sink a Submarine.

Beck gave interesting extracts from a recent lecture she heard at the Grifort club. An attractive programme was provided. During the social hour beautiful refreshments were served by the hostess.

The Polynanna club met with Mrs. George W. Lord on Tuesday afternoon. Mrs. Ella Lane was present since her first serious illness.

According to a Portsmouth newspaper the Derry school teachers have received an increase of \$2 per week in their salary. This amounts to \$75 per annum.

The Woman's Foreign Missionary society of the Congregational church will meet on Friday afternoon with its president, Mrs. W. A. Odell.

Rev. French Gilmore will preach Sunday evening on "The Love of God" a favorite theme of the young pastor. Names on the Roll of Honor for perfect attendance upon school sessions for an entire 1916-17, are Paul Hughes, Martin H. Daniel, George H. Weeks, Miriam Deal, Marlon Snow, Garland P. Snow.

According to the Librarian's annual report 200 volumes have been added to the Public Library collection during the past year. Of this number, 13 volumes were presented, the remainder purchased. Whole number of volumes, 6,173; largest circulation of books 73 on August 12; the smallest 18, on June 13. During the summer Mrs. Thomas Wentworth presented the library with a mounted head of a Rocky Mountain sheep which adds quite a little to the otherwise attractive room. Besides, she gave a revolving bookcase which is very useful, and because of this gift,

the appropriation of \$100 for one will not have to be used this year. An advertisement for the children will be the megaphone with about one hundred and fifty pictures. These have been enlarged and lists given to the teachers so that they may be better understood by the children. We are indebted to Miss Lillian Odell's annual report for these interesting items. Mrs. Wentworth has been very generous with her gifts to the library.

Among the local citizens who are ill with the grippe are Isaac N. Carr, Geo. H. Berry. Those who are convalescing after severe illnesses are Miss Adelaide Weeks and brothers Stephen and Edward Weeks.

Charles H. Brackett says in reference to his daily trips to Portsmouth that on some days 20 or 30 pheasants may be seen in the backwater field just beyond the residence of Charles Chambliss. He has also observed them diligently gathering them from cockle-bush and he was interested enough to investigate what sort of food could be found upon these cockle-bushes of the ground. Within the prickly ball supplementing the flower are several good sized seeds, something in the shape of sunflower seeds, the outside holding them compactly. They are said to be very fond of oats and barley but when grown and hard pressed for food will feed indifferently upon anything they may find.

son Robert, of North Kittery, spent Thursday with her mother, Mrs. Henry Blake.

Peter Nolan who is ill at the Portsmouth hospital underwent a surgical operation on Friday. He is reported as being as comfortable as can be expected.

The ladies of the Bible class of the First Christian church will hold an Easter sale on the evening of March 25 in Golden Cross hall over the post-office.

The tug Mitchell Davis arrived today from a trip to Portland.

Mr. Frank Chalmers has returned from fifteen days' vacation with his family in Ogunquit, Me.

A number of people from Kittery attended the auction sale held Friday at the home of Mrs. Marden of Chapel street, Portsmouth.

The many friends of Mr. William Brown will be pained to learn of his death which occurred Friday night at his home at Locke's Cove.

He was born in Kittery and has always made his home here. For many years he has been a deacon of the Congregational church of Kittery Point, and will be greatly missed. His age was 75 years and 9 months. He leaves five children to mourn his loss, three daughters, Mrs. Ira Keeble and Mrs. Charles Woods of Kittery, and Mrs. Stacy Hall of Portsmouth; two sons, William C. Brown, and Albert H. Brown, both of Kittery. His wife died a few years ago.

BRITISH CONTINUE ADVANCE

Now Control Almost All of
St. Pierre Vaast Wood;
Steady Advance.

London, March 17.—Continuing their attack on the German lines in the center of the British Somme region in France, British troops have gained further successes. Almost all of the St. Pierre Vaast Woods, the scene of previous heavy battles between the French and German forces has been occupied, says the official statement from the British war office.

German trenches on a front of 4,000 yards north and south of the wood also were taken the communication axis.

The St. Pierre Vaast wood lies about midway between the Bapaume and Peronne and its possession by the British would increase the menace to the strong points in the German defense. The wood dominates the adjoining positions north of Peronne.

A German attack on a British post northeast of the Somme London says, was repulsed. Berlin reports numerous German raids on the Ancre, Somme and other sectors in France, from which prisoners were brought in. In Champagne the French carried out a surprise attack east of the Butte de Souain.

Renewed activity in Macedonia in the region of Monastir is reported by Berlin, which says the French attacked east of that town, and were successful in entering German trenches, but at only one point being beaten off elsewhere. Between Lakes Ochrida and Prespa, it is added, French attempts were repulsed.

While the British troops are advancing up the Dnieper river from Bagdad, Russian troops have occupied a height west of Kermanshah, Persia. British forces have taken part of the town of Bagdad, 30 miles northeast of Bagdad and on the main road to Kermanshah. The Turkish forces continue their retreat.

THE EXPLOSION AT THE COURT HOUSE

While it is too early to make definite comment on the explosion at the court house, with uncertainty still shrouding the perpetrator and his motives, it is not too early to suggest that we ought to make much more difficult than now the terms on which unauthorized persons may acquire dynamite and other explosives. We are approaching a period of great disquiet—put the case mildly. The European war has been attended in this country by an extraordinary number of acts of violence. These will doubtless be redoubled in the event of our formally engaging in hostilities with Germany. With dynamite and by stealth, their adherents, in far too many cases, are liable to try and fight their battle here, and hence it behooves the state—and the nation—in like every precaution within reason to keep the materials for a campaign of frightfulness out of reach. Yesterday's tragedy, happily, appears to hold no relations to the European struggle, except in the extent that the atmosphere of violence and disorder which it has created unbalances the minds of weak and easily misgoverned men.—Boston Herald.

TWO KILLED IN ATTEMPT TO WRECK COURT HOUSE

Bombs Exploded in County Building, Pemberton Square, in Boston.--Big Building Rocked by the Concussion

Boston, March 16.—As a result of the attempt on the part of some unknown person or persons this afternoon to wreck the Suffolk County Court House in Pemberton Square by the explosion of bombs placed in a lavatory near the Supreme Court room, all of the public buildings in Boston, including the State House, City Hall, Court house and others, are surrounded by armed guards, and a large force of men are also inside the buildings as guards. At 3:45 o'clock a bomb was exploded in the men's lavatory just outside the door of the Supreme Court room, the big three-story building rocked and shook for several moments and panic reigned, as every court in the building was in session. Two men are dead as a result of the explosion and a number of others are seriously injured. It is the opinion of police officials that one of the dead men, at present unidentified, had some connection with the plot to not the person who actually placed the bombs in position.

Late this afternoon the body of one of the dead men, found in the lavatory, was positively identified as Louis A. Zielinger, an assistant janitor of the building, who had charge of this lavatory. His body was found mangled on the floor of the room a few moments after the explosion. The body of another man was found just outside the door of the room, his head lying directly over the hole in the floor caused by the explosion. Examination by police officials and the county medical examiner failed to find anything about the clothing or the person of the man which gives any clue to his identity. His pockets were absolutely empty of any papers, books, and other articles usually found in a man's pockets. The body is that of a small man.

Daniel H. Ryan, court clerk of the

Supreme Court, is at the Massachusetts General Hospital suffering from injuries sustained in the explosion. He will recover. Several others are at the hospital suffering from minor injuries sustained from falling plaster, or by being hit by flying tiles from the floors, among them being Timothy Sullivan, another of the court house assistant janitors.

Eight separate investigations are already under way in an attempt to learn who placed the bombs in the building. At least one of these is being conducted by the Federal Government. The quarters for examination but none have had a number of men at head have been held. One man, lately released from a hospital for the insane on his own writ of habeas corpus, granted by the Supreme Court, was at first suspected. He was taken to headquarters for examination but was able to convince the department that his business at the court house was legitimate and he was released.

The damage to the building is not beyond rapid repair but the building, and all other public buildings in the city, will be closely guarded for some time. The police officials have no statement to make as to the result of the several investigations they are conducting and there is no hope held that a speedy solution will be found.

OUCH! LUMBAGO! RUB PAINS FROM SORE, LAME BACK

Rub Backache away with Small Trial Bottle of Old, "St. Jacob's Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacob's Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Lumber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 50 years.

BOXING NOTES

Mike O'Dowd, the St. Paul boxer who has lost but one decision in four years of battling, will come to Boston next week to clash with Joe Egan, who by reason of his defeat of Jimmie Gardner, has been placed in the front ranks of middleweights in New England. The bout will be offered by the Armory A. A. Tuesday evening at the Grand Opera House and already there are indications that it will be greeted by a capacity house.

Egan, finished with his victory over Gardner and a half dozen straight wins should give O'Dowd, one of the toughest fighters of his career, Joe has been stepping very fast in the past few months and those who saw him fight with Gardner declared that he worked like a real champion. The Boston boy has everything—speed, cleverness, good ring judgment and a punch. Most of all, he has confidence in his ability to lick any fighter that he gets into the ring with. This is what he always lacked but his string of easy victories has instilled into him the courage of a lion and he ought to make O'Dowd go very fast.

Jack Britton is the only fighter that ever took O'Dowd's measure and strangely enough it was at the Armory A. A. The bout went twelve rounds. Britton had a safe margin all the way. O'Dowd is a busy scrapper, keeping on top of an opponent every moment and slipping away with both hands. Mike has a real wallop in his right mitt. A glance at his record shows that he has won most of his fight by the kno route.

While Egan is more of the boxing type and is far more clever than the St. Paul fighter, he has of late developed more of the fighting style and in his recent battles has shown an inclination to slug whenever the opportunity presents. He will make a mistake if he tries that game with O'Dowd, for that's where the man with the gorgeous bath robe shines the best. Mike invites that kind of game but if Joe just uses his heels and boxes him, he will have a good chance to win.

There will be three rattling good preliminaries. Joe Camp of the North End and Joe Sullivan of East Boston, will box six rounds in the curtain raiser. This will be followed by a six round main between Young Chado of the West End and Dick Thomas of the West End. Kid Cikas of Manchester, N. H., and Dan McCormack of East Boston, will box in the ten round semi-final.

HAM-TON

Town meeting was held on Tuesday. Selectmen elected were Joseph R. Brown, Elmer G. Shaw and Howard M. Lamprey. Town treasurer, Herbert Perkins; tax collector, Ernest G. Cole; town clerk, Herbert L. Tobey.

Helen Lamprey is sick with measles. Mrs. M. T. Brown is visiting relatives in Manchester.

Mrs. John Culler and Thomas Sanborn went to Manchester Wednesday to attend the funeral of Cyrus Solloway.

Miss Dorothy Stevens, teacher in primary has gone to her home in Fitchburg, Mass., to spend her vacation.

THREE HUNDRED IN ATTENDANCE IS PROMISED

ORGANIZATION MEETING OF THE CHAMBER OF COMMERCE FOR TUESDAY SEEMS ASSURED OF SUCCESS FROM THE START.

At least three hundred citizens of Portsmouth and vicinity will meet at Freeman's Hall on Tuesday evening at 6:30 when a banquet will be served previous to the meeting which will constitute the Chamber of Commerce for Greater Portsmouth. There is every indication that the organization will be perfected at this meeting and that the first concerted efforts to boom Portsmouth as a commercial center will be a big success. Two hundred citizens of the city proper are pledged to attend and delegations will be present from Kittery, York, Rye, Elliot, North Hampton, Kittery Point, Newington, Greenland and Stratham.

Fred M. Sise, President of the Portsmouth Board of Trade, will preside at the dinner and the opening of the meeting which will follow. He will introduce the several speakers who will tell of the objects of the organization before the invitation to join will be made. Daniel E. Casey, Secretary of the Haverhill Chamber of Commerce, will be one of the speakers, and will tell "What a Live Chamber of Commerce Can Accomplish." Naval Constructor L. S. Adams, U. S. N., industrial manager of the Portsmouth Navy Yard, will speak on the housing problem in Portsmouth.

In every city in the East, the Middle West, and the West, these Chambers of Commerce, similar to the one proposed for Portsmouth, has met with the greatest success. In one city where the Chamber of Commerce was once the same as in nearly every other city, composed only of the merchants, they had a yearly income of \$5,000 with which to do business. They adopted the method of expansion, interesting every citizen in the city, and at the end of a year the business of the city had increased, wages in most of the trades was higher, a general wave of actual prosperity set in, and the income of the organization was \$32,000. This organization grew from a membership of 200 hardworking business and professional men, working against great odds, and without assistance from the others in the city, into an organization of 1300 citizens, each working as a member of the one team. Their success is but a continuation of the successes which are universal where this method of "team work" is adopted.

In order to make this organization a success it will require the concerted effort of every individual having the interests of his city at heart. All that is needed is the proper marshalling of the "team work" spirit, and that is what these men are attempting. After that it is "up to the organization." If one city can do this, Portsmouth can, and the eyes of every city in the east will be turned towards Portsmouth after the organization is perfected. There is only one goal in site, a Bigger and Better Portsmouth, and where Portsmouth will gain it will be reflected on the entire section of the surrounding country, businessmen, farmers, merchants, professional men, and all others.

It is the intention of the Publicity Committee to make this Chamber of Commerce so strong, but its membership, that no power can prevent it accomplishing its object. In the future the Chamber of Commerce of Greater Portsmouth may be expected to make great efforts for the upbuilding of the city, commercially and industrially. It means better stores, more modern means in merchandising, better goods at less money, better transportation facilities, better streets and roads, in short, a better place in which to live.

The organization of the Chamber of Commerce, in the opinion of every thinking man in the district, is the biggest single undertaking ever attempted. And its success depends on the willingness of the individual to take hold and do his share of the work.

TRAINMEN OR PROPAGANDA

If the theory advanced by W. G. Lee, chief of the Brotherhood of Railway Trainmen, prevails among his associates, all efforts to prevent a calamitous strike on the transportation lines must necessarily fail. He finds that the country is on the eve of war; that war once declared, no strike will be admissible, and that the trainmen's one hope of coercing employers and public rests upon arbitrary action now.

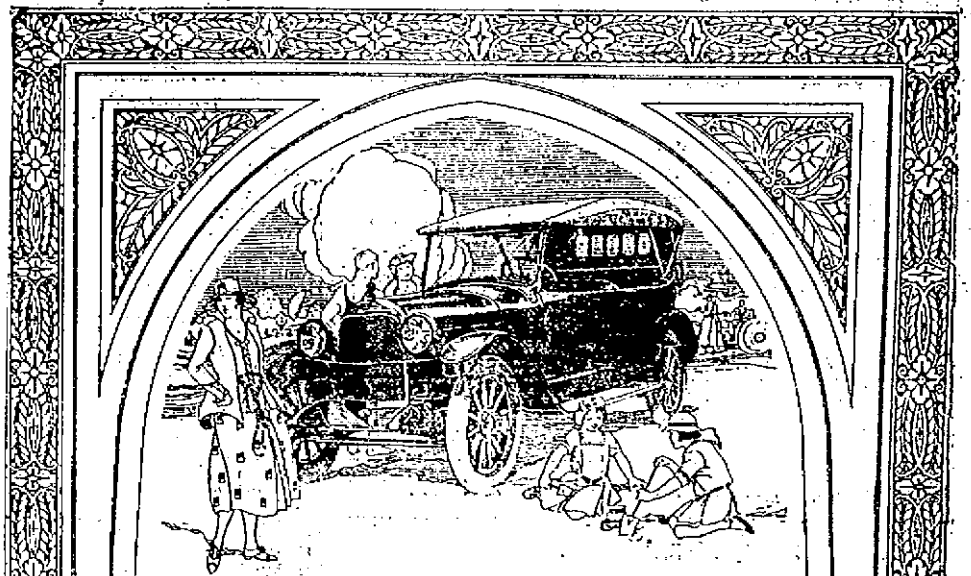

Something has been said of late of the gross impropriety of an assault by organized labor upon the supreme court, which has its case under consideration and whose judgment it is attempting either to intimidate or to antagonize. This view of the brotherhood's activities presents many sinister features, but infinitely worse in every aspect in their avowed purpose to seize

FREE TO THE SICK

For years I have been treating all forms of chronic, longstanding, obscure and difficult diseases. By a method original with me and peculiarly my own I have successfully treated cases in which others have failed, and cured cases that have been given up as incurable by other specialists and reputable physicians. This method consists of a systematic application of the true elements of Psychic Neuric Healing in combination with the rational methods of Medicine and Surgery as practised by me, and which I claim to be the true and natural manner of applying the healing art. In my use of this mode of treatment and application of it to this class of disease I claim originality, although my original success has led to many crude imitations. The barbarous, unnatural and unnecessary operations, the harsh and painful treatments, the needless exposures in examinations, and the old methods used by the ordinary practitioner are all done away with. This treatment is at once scientific, sensible and progressive, safe in its application and positive in its results. Although he treats all forms of chronic, longstanding, obscure and difficult diseases and cures many so-called incurable cases, he wishes it thoroughly understood that if, after a careful examination of your case, he is in doubt as to the curability of it, he will frankly tell you so, and he reserves the right to reject any and all cases.

OFFICIALS PLAN TO RELIEVE MILK SHORTAGE DURING STRIKE

press violence or threats of the men press by violence or threats of violence claims as to wages and hours which are still in process of adjudication.

In all its long career, subject as it has been to many blundering leaderships, organized labor never before appeared in a character so sordid as this. What do its protestations of loyalty in the presence of war amount to if it uses the influence of war as an excuse to threaten government and people?

The German propaganda has spent millions of dollars in this country in schemes to disrupt and terrorize American industry, commerce and political action which appear trivial in comparison with the inquiry now boldly proclaimed by the best paid workmen in the world who boast of their patriotism.—New York World.

Plans for the alleviation of suffering through a shortage of milk, in case of a general railroad strike next week, are being formulated by the officials of the New England Milk Producers' association. Every effort will be made to assist in getting to Boston and other cities a sufficient supply to provide for the needs of infants and invalids, primarily, and for the general use of households, secondarily.

At the same time Secretary Richard Patton ardently hopes there will be no occasion for these efforts of the organization, because it is probable that the loss of no commodity would have so far-reaching and immediately disastrous effects as the cutting off of the supply of milk from the inhabitants of Boston and the numerous large towns and cities of New England.

In the first place, active steps would be taken to determine the exact amount necessary to provide for immediate relief needs. To this end the association will suggest that, in case of a strike, Gov. McCall and Mayor Curley call a conference of the milk dealers and contractors, the New England Milk Producers' association, the Massachusetts Milk Consumers' association and kindred organizations and representatives of medical and relief bodies. Arrangements should be made at this conference to determine where the first receipts of milk are to be placed in order to accomplish "the most good and plans laid for the distribution of the supply to accredited persons in districts, throughout the various sections of the cities. Regulations should be made whereby, in case of a continuation of a limited supply, the milk should reach the hands of only those entitled to it.

HOW TO GET RID OF DAMAGED FLAGS.

Wilfred A. Wetherbee, state agent, who codified the flag laws of Massachusetts, made public today a recommendation that worn-out American flags, whether publicly or privately owned, be burned, with due reverence and some ceremony. He said that federal and state laws forbidding misuse of the flag made no provision for its disposal when frayed, but that navy and coast guard regulations decreed its burning.

Lobsters are now selling for 55 cents a pound wholesale, a drop in the past few days from 70 cents a pound, the highest price ever paid in this section. A much further drop is anticipated.

Safety First Advised.

If the railroad employees are wise they will in the present threatened tie-up apply their own rule of safety first. The temper of the people over present conditions is not in a state of "safety"—they are liable to rise up in force if driven too far. The American citizen, through some system, is being robbed. He or she does not know it is being done, but it is a fact, nevertheless. A railroad tie-up would injure the poor more than any one else and in the present crisis it does not seem that the leaders would, in the face of the present critical time, commit suicide by forcing a strike. It would certainly do labor more harm than could be repaired in years.

A contributor to the Concord Patriot declares that the statement published in numerous newspapers since the sinking of the Cunard S. S. "Laconia" by a German U-boat, that this vessel was named after the city of Laconia, is a mistake, and ought to be corrected. The writer goes on to explain that the Laconia was named after ancient Laconia in Greece, and that the Franconia was probably named after the Franconia region in the old German kingdom. The Concord authority gives quite a mass of interesting historical facts in regard to ancient Laconia and Franconia and explains in detail how the Cunard people name their ships, but he doesn't explain why the Cunard people placed a half-tone picture of Laconia, New Hampshire, on the elaborate menu cards used at the dedicatory banquet given on board the Laconia just before the ship made her maiden trip, or why they informed the Laconia Board of Trade that the ship was named in honor of the City on the Lakes, and accepted the silver service which was presented to the ship as a token of appreciation from Laconia. As the late lamented Josh Billings remarked, "it is better not to know so much than to know so many things that ain't so."—Laconia Democrat.

You are correct, Brother, and we recall an invitation received at the time, to lunch aboard the ship which stated that it was named in honor of Laconia, N. H.

At a time when so many are planning for back-yard gardening the news that the government's supply of free seeds is exhausted is, of course, unwelcome. Thousands have applied for seeds only to learn that the supply was long since distributed by the congressmen. This is bad, but not so bad as it might be. When the time comes for operations the chances are that there will not be as many gardeners as there are now.

Hiram Johnson of California knows his place and is preparing to take it. He has resigned the governorship to take his seat in the United States Senate, to which he was elected last fall. Had not an extra session been called he would probably have remained in the governor's chair until December, but under the circumstances he feels that his place is in Washington, and the country agrees with him.

The income tax cuts a considerable figure according to a report from the treasury department, which is to the effect that at least \$300,000,000 will be collected this year through this form of taxation. But at the rate at which money is being shoveled out now the government will need all it can get from any and every source.

Exit Czar Nicholas, and now for the retirement of King George and Cousin William, the Kaiser, and the terrible slaughter will be over. The overturn in Russia has been predicted for many years and if it wins the horrible slaughter of Russians will not have been in vain. The Jews of America are enthusiastic over the great victory that has been won by the people.

The United States Senate has confirmed the nomination of Dr. Cary T. Grayson as medical director of the navy, with the rank of rear admiral, but this does not change The World's opinion that the appointment was a mistake which the President should not have made.—The New York World.

Harry Thaw has been adjudged insane again, but if Harry can manage to escape his keepers and come to New Hampshire a speedy cure is almost absolutely certain. In the meantime, Harry will be confined in a Pennsylvania asylum. How would you like to be the iceman?—Laconia Democrat.

Organized labor is prepared to stand by the government in case of war, and so are the railroad men. "America first" is the watchword of all classes and the president will not lack solid backing in case worse comes to worst.

American forces have been landed at five places in Cuba, but this does not mean intervention. It means that there must be order in the island, and the natives are beginning to realize that fact.

Editorial Comment

The Coast Patrol.

(From Manchester Union)

Opportunity opens for scores of New Hampshire men to volunteer for an attractive, useful service, in this appeal of the navy department for a volunteer naval reserve. At this crucial moment it must be that every right-minded American is asking himself the question how he may make some practical contribution to the immense undertaking of putting his country in a state of comparative preparedness for war. Here is the chance for some of them.

Something like 100 motor boats are wanted for patrol service in a section of the Atlantic coast extending from Cape Porpoise to Cape Ann which includes the New Hampshire shore line. Between 500 and 1,000 men are wanted for this service. It is believed that New Hampshire can and will furnish the outfit. Owners of boats measuring thirty feet and upward are asked to enroll them in the patrol fleet. Men who can operate these craft are asked to file their names.

This is not enlistment in the navy. It carries no obligation to serve in time of peace, it simply puts at the disposal of the government a potential patrol force which may be of the utmost use in time of war.

Think for a moment of what is to take place the moment actual war begins. Every man who is qualified for service in the navy will be needed there. There won't be a man off the present force or among the partially trained or veteran volunteers who can be spared for this mosquito fleet work. Yet it will be desirable to throw out most instantly a swarm of little boats which shall comb the coastal waters.

The men who man them need not be of absolute first rate physical quality. They need have no special qualifications except those of good eyesight, good hearing, the ability to run a motor boat and ordinary health. But be they what they may, they will be wanted at a moment's notice. Now is the time for them to offer their services, and if they are the owners of boats, to offer their outfits.

There are many of these boats on the coast, on Lake Umbagog and on Lake Sunapee. And there are men in all our cities and towns who know how to operate them. What finer thing can they do than to offer their services to the Portsmouth navy yard, that they are ready for business?

It must be borne in mind that this is in the nature of emergency service at present. In the long run the government will have an outfit of 60-foot boats, swift, and fully equipped. But for the present use can be found for lighter craft, seaworthy boats that can make seven or eight knots.

Spreading out over the waters off the New Hampshire coast these little boats would be the eyes of the navy, watching for submarines. They would be equipped for spitting fire, too, and it might be that they would have real fighting to do.

This service is for the New Hampshire coast. It is up to the men of New Hampshire.

A Common Sort of Lord

(From the New York World)

We learn from an advertisement in the Evening Post that "The New York Branch of the Order of Colonial Lords of Manors in America" pledges "to the President and Government our steadfast support in whatsoever lawful and just measures they may take for the vindication of our national honor." We are not intimately acquainted with the Order of Colonial Lords of Manors in America, but bully for it, say we.

Forgetting States Lines

(From the New York Journal of Commerce and Commercial Bulletin)

The governors of the six New England States have joined in signing a declaration pledging their support and the support of their respective states to the President of the United States "in carrying out his announced policy to protect American lives and property upon the high seas." The declaration closes with urging the necessity of "making forthwith the most energetic preparation for national defense upon land and sea."

The most significant thing about this declaration and the statements of the governors at the meeting at which it was adopted is the disposition shown to ignore state lines and party lines and to bring states and people together in support of the Government and the defense of national rights in the present situation. It is said that other conferences are being held and are to be held with a like purpose. It is to be hoped that they will accomplish their purpose, not only in the conduct of government of states, but in the effect upon the sentiment of the people. What is needed now is not a consideration of state interests or sectional interests, but the development of a national spirit and a united purpose.

It is desirable to have this brought about in time to show its effect when the new Congress meets at Washington a month from now. There ought to be a true condition and a cessation of party wrangles and sectional differences. With a new term for the Executive and for the legislative authority there is no occasion for activity in domestic politics in any way affecting other than local interests. There is a grand

opportunity for acting together as a nation, holding relations of the highest importance with other nations, and destined to have an influence upon their relations to each other and their future progress, such as there was never before the occasion for. We are on the verge of a great transition in the world's history to which our American experience has been unconsciously leading the way.

We Hope So.

Japan Won as An Ally

(From a Washington despatch in the New York Sun)

Japanese diplomacy, working in near by cooperation with the American State Department, has now effectively checked and exposed the efforts of the German Government to create mutual distrust, between Japan and the United States. The net result of Germany's efforts is now clear to Secretary Lansing and Alvaro Sato, the Japanese ambassador here. It has brought about a more friendly relationship between Tokio and Washington and a more candid understanding than probably has ever before existed.

The direct results of the Zimmerman note may be authoritatively summarized as follows, so far as the relations between Japan and the United States are concerned:

First—It provided Secretary Lansing with an ideal opportunity most favorably to impress Japanese public opinion by stating officially and without qualification that he had every confidence in the friendship of Japan and scouted the idea of Japan entertaining any suggestion of an alliance with Germany against the United States.

Second—It provided the Tokio Foreign Office and the Japanese premier with an excellent opportunity to assure the American people that Germany's intrigue would be indignantly rejected by the Japanese Government which would enter into no compact with an enemy against a friendly Power.

Third—It has brought the United States and Japan into such close relationship that the two countries virtually will occupy the role of allies in the Far East the moment hostilities break out, between Germany and the United States.

This friendly attitude of Japan will, it is explained, enable President Wilson to give his whole attention to the Atlantic without the necessity of keeping an eye on the Pacific.

In diplomatic circles it is not believed that the persistent efforts of Berlin to make it appear that Japan sooner or later will be a German ally is based on belief in the German Foreign Office that there is any real prospect of this. At first there was undoubtedly a fixed idea among Germans that they could count on the assistance of Japan. But this idea has been dissipated and the present German propaganda concerning Japan is simply being put out in the hope of misleading public opinion in Germany and in the United States.

A Tolstoy in Vaudeville

(From the St. Paul Pioneer Press)

Alas, how have the mighty fallen. The flesh and blood of Count Leo Tolstoy is to appear on the American vaudeville stage.

Count Dlyn, the son of the noble Leo, is himself not without distinction in humanity's cause. He was barred from speaking at Columbia University by a distinguished American, one Nicholas Murray Butler, whose Russian speech-making and thought-paralyzing propensities are well known.

But the ascetic Leo, who despised ostentation, privilege and commercialism, who lived in his own little universe of high disdain for the things of this world, who scorned the opinions of the crowd—alas that his great name should be exploited, that his flesh and blood should accept money to appear twice daily on the stage of the gay theatre between the acts of lady rope-walkers and male buffoons to amuse the bearded paragon and the gum-chewing gallery.

Alas, how have the mighty fallen.

Suicidal

(From the New York Times)

The worst enemy of organized labor could not wish it to suffer a deeper hurt than it would inflict upon itself by railroad strike at a time when the Government is marshaling the forces of the nation against the contingency of war. One hundred million people will not submit to be throttled by four hundred thousand members of the Brotherhoods who will not attempt it. They are not madmen. The vast majority of the members can have no sympathy with an act so unpatriotic as anti-patriotic. The execution of the threat the success of the attempt, would be a calamity for labor. The public indignation, the sense of common prudence among the people would compel the enactment of laws making forever impossible the repetition of such a crime against the country's safety.

FIVE-MINUTE TALKS BY NATIONAL LEADERS

Frank M. Williams, New York State division engineers, who are in direct charge of all contracts, and every following exclusive article on the part of the great New York State Barge Canal will play in the event of war with Germany, written at the request of the International News Service, has special interest at the present time:

By Frank M. Williams

In considering the part which the Barge Canal will play in the event of hostilities between this country and Germany, many points which are deserving of serious thought are brought to light. Punishing as it certainly does, a direct route for the transportation of all manner of produce between the East, Great Lakes and Middle West, the Barge Canal forms an essential link in an inland waterway system which covers a territory of more than 2,000 miles, reaches into the very heart of our grain district and links it with our Eastern and Middle Western manufacturing centers.

Appreciating this fact it can readily be seen that in the event of war the canal will be invaluable as a means for the carrying of freight for the non-combatant population, leaving the railroads free for more important military supplies, such as the transportation of munitions and troops to threatened areas or mobilization points.

In this manner much congestion would be avoided on the various railroad lines and should the conditions become such that it would be impossible for the railroads to carry all the munitions the canal would be able to relieve them and furnish a water route which would place New York city and its fortifications in direct communication with Chicago and other cities bordering on the Great Lakes, as well as the giant steel plant at Gary, Ind.

As a means for the transportation of heavy guns from the West to the fortifications in New York, the Barge Canal is unexcelled. Under present conditions, a heavy siege gun, if transported by rail must be sent in sections owing to the lack of space on the average railroad car. If this same gun were placed on a barge it could be transported without the necessity of being taken apart, and where it is delivered direct to the fort where it is to be mounted without necessitating a transfer thereby saving much valuable time, which is an all important factor in a period of stress.

Work on all contracts which are in force is going on, and considerable headway is being made, despite the cold and other conditions which in winter tend to make and kind of construction work a hardship and the canal itself impossible. Considering this fact and the further truth that last summer the entire Champlain branch and the Eastern section of the Erie, to a point just east of Utica, were opened and in operation, I firmly believe that early in May through navigation will be established on the new channel between Oswego on Lake Ontario and the Hudson river.

This will mean that the state will have a channel 12 feet deep connecting the Great Lakes with New York city, which will be available for the transportation of foodstuffs and munitions if a condition of war exists.

In order to assure the entire completion of the state's canal system at the earliest possible moment I have recently held several conferences with

the division engineers, who are in direct charge of all contracts, and every following exclusive article on the part of the great New York State Barge Canal will play in the event of war with Germany, written at the request of the International News Service, has special interest at the present time:

Several Attempts Made on Life of Dr. Hugh Cabot of Boston.

Boston, March 16—A report that attempts had been made upon the life of Dr. Hugh Cabot, a prominent surgeon of this city who has been active in the cause of the Entente Allies was confirmed by a member of Dr. Cabot's family tonight. Dr. Cabot is at present in France with the Harvard surgical unit.

From his friends the story leaked out that he had told them, before his departure a few weeks ago, that while

RUSSIA TO HAVE LIBERAL REPUBLICAN GOVERNMENT

(Continued from Page One.)

night on behalf of himself and the heir apparent, Grand Duke Alexis, in favor of Grand Duke Michael Alexandrovich. At 2:30 o'clock this afternoon, Grand Duke Michael himself abdicated, thus bringing the Romanoff dynasty to an end.

The government, pending a meeting of the constitutional assembly, is vested in the executive committee of the Duma and newly chosen council of ministers. A manifesto to this effect was issued by the Duma committee today and it will be telegraphed to the general army headquarters.

London, March 16—Official action by Great Britain, France and Italy in recognition of the provisional government of Russia was taken in Petrograd yesterday.

The executive committee of the Duma and Col. Engelgard, commander of the Petrograd garrison, received the military attaches and diplomatic representatives of Great Britain, France and Italy, who declared their readiness to enter forthwith into relations with the committee as the sole representative of authority in Russia.

The provisional government in Russia has issued the following appeal to the people:

Citizens: The executive committee of the Duma, with the aid and support of the garrison of the capital and its inhabitants, has succeeded in triumphing over the obnoxious forces of the old regime in such a manner that we are able to proceed to a more stable organization of the executive power, with men whose past political activity assures them the country's confidence.

The names of the members of the new government are then given and the appeal continues:

"The provisional government will base its policy upon the following principles: First—Abolition of all social, religious and national restrictions. Second—To proceed forthwith to the preparation and convocation of a constitutional assembly, based on universal suffrage, which will establish a permanent government regime."

"Fifth—The substitution of the police by a national militia, withdrawn from the government."

The new provisional government of Russia, according to the latest dispatches received here, is proceeding promptly to organize itself on a stable and strongly democratic basis, to constitute the government's departments and to prepare steps for the vigorous carrying on of the war. There is no sign of any serious hindrance to the completion of the work of this extraordinary swift and successful revolution. A large number of principal cities of the empire have already notified the executive committee of their acceptance of the new regime and there is no record thus far of any part of the country withholding consent.

The first of enthusiasm with which the advent of a democratic Russia was received in this country on the news of the actual abdication of the emperor gave place today, however, to renewed apprehension on the theory of the strange misapprehension which led A. Bonar Law, the chancellor of the exchequer, to announce in Parliament last Thursday night that Emperor Nicholas actually had abdicated and that his brother had been named regent. Mr. Bonar Law today had to admit that his statement was a misapprehension and that all that yet had happened was that the provisional government had demanded abdication, which was not yet accomplished.

The latest news from Petrograd and dispatches to the British government leave even the whereabouts of the Russian Emperor unknown. The latest report is that he is on his way to Tsarskoe-Selo Palace.

Prof. Paul N. Millyukoff, the former minister of the new government, and one of Russia's strongest men, who has surrounded himself with a cabinet, is said to favor a limited monarchy based on a Parliament as the best government for modern Russia. In an interview he is reported to have said:

"We consider that the abdication of the Emperor and the regency of Grand Duke Michael are indispensable." There is little doubt felt here, therefore, that the provisional government will insist upon abdication and no confidence will be felt in a peaceful development of the revolutionary movement until news arrives of the actual change of sovereignty.

Considerable discussion is indulged in by the press and public here as to the effect the revolution is likely to have in Germany. Chancellor von Bethmann-Hollweg's speech in the Prussian Diet on the need to democratize Prussian institutions after the war is regarded here as having been delivered with the knowledge of what was happening in Russia, and with the consciousness of the advisability of taking stock of the possible developments in his own country as the result of the overthrow in Petrograd.

Letters from the People

Thanking Voters for Support To the Citizens of Kittery and especially the Voters:—

Undoubtedly most of you have read the different articles published just before Town Meeting, casting unpleasant reflections upon the town officers.

We would not refer to that again were it not for the fact that we fully appreciate the large vote and majority that was cast for us last Monday, which speaks as plainly as so many words, that the citizens of Kittery crown upon any such methods as were used by a very few who seem to be against the government no matter what that government may be.

Therefore, we herewith wish to express our thanks to the Voters, and at the same time say we will try and repay your confidence, by giving you a good business administration and work for the best interests of the town as we have tried to do the last two years, and we would welcome your aid and support of such an administration.

STRIKE ORDERS WILL AFFECT 13,400 MEN

New England Feels Effects of
Threatened Strike Which
Is Scheduled to Start
Tonight.

(Special to The Herald)
Boston, March 17.—With the opening of the railroad freight strike, only a few hours away, and with New England already in the grip of a freight embargo, local leaders of the four Brotherhoods were at their headquarters ready to issue the orders to call out the 13,400 men who they say will respond to the strike order on three railroads entering Boston. The strike is scheduled for seven o'clock this evening on the Boston & Albany, coming Sunday on the New Haven, and Monday on the Boston & Maine. "We have all our members and are ready," declared Thomas E. Donovan, chairman of the Boston and Maine Brotherhood. "Food prices began to rise today as a result of the embargo and threatened strike. The Boston Chamber of Commerce and Municipal and state heads held conferences to do everything possible in view of the strike."

WHAT DOVER SAYS OF THE ELKS' BOWLING

Regarding the Dover-Portsmouth bowling match, the Dover Democrat sporting editor has the following: "Portsmouth's aggregation of pin-broaders, representing the Lodge of Elks in that city, came to Dover last evening and after a spirited contest which was in question until the last few boxes were rolled, defeated the Dover Jokers by a margin of 61 pins. While no records were shattered by the members of either team, their rolling was so close that the game was most interesting. "Portsmouth started off in a manner which gave them the hearts of the region, for the Dover team as they secured a lead of 20 pins, and added to this advantage in the second string, having a total margin of 72 pins when the string was completed. The Dover rollers then realized that they were being shown up on their own alleged rolled more consistently. The sport was too late, however, and Dover had to take the small end of the total."

CITY WANTS BIDS

Bids are requested for the spraying of elm trees, for extermination of brown-bellied gypsy moths and elm tree beetles. Specifications may be had at the office of the Board of Public Works, City Hall. Bids to be opened at 8 p. m. Wednesday, March 21. WILLIAM A. HODGSON, Superintendent.

STRIKE-BREAKERS READY FOR THE BOSTON & MAINE

Labor Men Claim Not Fifty
Per Cent Will Go Out
on Strike.

"More than 2000 well qualified men will be ready to take the places of the train service men if a strike is called and inside of 72 hours, conditions on the Boston and Maine will be normal again," declared a leader of a railroad union of the Boston and Maine yesterday afternoon, not one of the Brotherhoods.

"With war against Germany imminent, a shortage of food and other perplexing problems besetting the people it is, to say the least, not a patriotic move on the part of the Brotherhoods to further add to the confusion by stopping transportation."

"I believe it safe to say that not more than 50 per cent of the members of the Boston and Maine road will answer a strike call, for many of them are Americans first in the time of need and trade unionists afterward."

Officers of the other railroad unions, however, supported the Brotherhoods, because the strike has been imposed by the A. P. of L. and because the pay the train service men have won has been gained by their long continued efforts."

Issue Appeal to Railroad Workers

The directors of the Boston Chamber of Commerce, at a special meeting held yesterday afternoon to discuss the railroad strike situation issued the following appeal:

"To the Railroad Men of New England: "The Boston Chamber of Commerce calls upon you to stand by your country."

"To put a strike into effect in this national crisis would be the most serious blow that you could deal her."

"Your country in her hour of need calls."

"Do your duty. Man your trains. Operate them as usual."

"Your fellow-countrymen will see that you are fairly treated."

"Do not forfeit their confidence."

"Do not forfeit your own self-respect."

WOMEN STILL LOOKING FOR SILK PETTICOATS

Endless Chain Fraud Exposed
by Postoffice Authorities.

A new endless chain scheme in which a large number of women have been caught has attracted the attention of the postoffice authorities and a warning has been sent out to the people.

The game is carried on through a circular which comes from a western city and reads as follows:

"To introduce and advertise in the least possible time we give anyone complying with conditions herein stated a 1916 model petticoat which retails at \$1.00. Give size and length, color and measure wanted. Make five copies of this and send to your friends and then mail to us. You will receive a petticoat without further delay or expense. This offer is good to anyone complying with request. All skirts guaranteed. Letters must be written same day as received. Copy this letter exactly as you have it, only sign your own name and address and the date you received it."

"It is thought the object of the concern which sends out the circulars is to gather a large number of names and addresses to be used in a mail order business, probably some swindling scheme. It is known that thousands of women have made copies of the circular and sent them to five friends requesting them to do likewise, and that a tremendous lot of mail has been received by a western city addressed to the alleged petticoat dealers and that this mail has been held up by the postoffice authorities. Not a petticoat has ever been sent to any woman, and complaints against the swindlers have been pouring into the postoffice department for a week past."

ENROLL 114 PORTLAND MEN IN NAVAL RESERVE
Portland, March 17.—Enrollments in

the Coast Defense Naval Reserve were given marked impetus today with the arrival of the submarine chaser Lynx and the United States Navy tug Iwana and the establishment of enrollment headquarters at the Portland Yacht Club and the Navy recruiting station. Up to last night 114 men had enrolled. The Lynx will leave at 10 o'clock Saturday morning for Boston and the Iwana will proceed to Bath Saturday night, going from there to Rockland. Permanent headquarters are to be established here.

PLAN FOR MOBILIZATION OF MILITIA

War Department Issues Order
to State Adjutants-General.

Washington, March 16.—In preparation for any demand upon the army that may grow out of the German crisis, the militia bureau of the war department has sent precautionary instructions to all state adjutant generals outlining the plan to be followed in the event of the calling out of the national guard for federal service.

The intention had been made to take this step quietly and without publicity but reports from various points indicating that it was being construed as meaning that mobilization was imminent, caused department officials to announce the instructions with the explanation that they constituted purely a routine measure of preparedness, necessary in order to prevent, if a call should come, confusion as attended the assembling of the guardsmen for border service.

In this connection it was pointed out that the government is going to considerable expense to mobilize its regiments which are returning from the border and which would be held in the federal service if another demand for their services were expected immediately. It was reiterated that the policy of the administration in the present status of the crisis was to make no move that could be construed as a warlike step. The policy is understood to be the reason that mobilization of the navy has not been approved by the administration.

The circular of instruction advises the adjutants-general specifically of the national guard organizations in each state which would be summoned in case of a call. Mobilization under the plan outlined would be conducted by the regular army departmental commanders who would be authorized to designate sites for mobilization of camps other than those formerly used, if necessary, and to "make provision for shelter, recruitment, and the formation of the recruits training battalions in the eventuality of war." No units except those designated in the list sent to each state would be accepted, and each unit taken into the federal service would be required to have the full maximum authorized, or war strength, as prescribed for the regular army in the national defense act.

The circular also makes it clear that there is to be no dual status for the national guard in the federal service hereafter. It says no individual will be accepted who has not taken the oath.

Provision also is made for the taking into the federal service of certain proportion of the state administrative staff of the national guard of each state to handle administrative questions, as to recruiting, organization and supply. This was not done at the previous mobilization. Complete federal control of all recruiting and other activities of the guard is now contemplated.

The plan also provides for the immediate calling out of the national guard reserve, both commissioned and enlisted, the latter going at once back to their regiments. Reserve officers would be assigned to duty as needed by the departmental command.

OLYMPIA THEATRE
NOTES.

The City of Seattle, Washington, has just passed two regulations that will might be copied by every self-respecting community in America. One of these new rules forbids the use of the American flag by performers for the purpose of drawing applause, and the other prohibits the playing of the "Star Spangled Banner" in melody. There's a shining star in the western borders of our flag and it intends to keep the luster of the bright name it bears.

J. Warren Kerrigan has just paid a visit to New York for the first time in seven years.

Dorothy Storey has joined the Lasky-Paragon company.

We have one of the best programs we have yet shown, today.

If you did not see this bill last night, come early tonight, the first show will start at 8 sharp, the second at 8.

Dorothy Dalton does the finest work of her career in the Triangle-Ince morality play, "The Weaker Sex," with the support of Charles Ray and the "vampire, do hix," Louise Glaum.

As a student of the motion picture you owe it to yourself to see this picture.

Dorothy Phillips has the leading role in the Blue Bird picture "The Piper's Price," a wonderfully interesting picture proving that divorced people should stick to their bargain and illustrating the old role, "If you dance, you must pay the piper's price."

Mrs. Vernon Castle stars in one of the best episodes of "Patrol" entitled "Red Dawn."

Watch for announcements regarding the episode "Red Night," which is to be shown next week.

On Monday and Tuesday the Tri-

gle-Keystone comedies will be added to our pretentious program. Don't miss them.

FREIGHT EMBARGOES GENERAL

New Haven Even Suspends
Dining and Sleeping Car
Service.

(Special to The Herald)

New York, March 17.—New York is today feeling the first pinch of apprehension of the nation-wide strike of the railroad. No freight is moving out of the city and little freight except that which was started on its way before yesterday, is coming in. Strict embargo is in force on all roads into the city. Unlimited freight embargoes are in effect on the New York Central and the Erie railroad. The Pennsylvania railroad is making an effort to move live stock for human and animal consumption, government supplies and news print paper. All bills of lading are made out "subject to delay." Milk is the only article not under the ban of the New Haven railroad embargo. This system has even given notice that it will continue dining and sleeping car service and suggests that passenger service will be greatly crippled. Limited embargoes on lines other than those touching New Haven are declared on the Grand Trunk, Boston & Albany, Boston & Maine, and West Jersey and Sea Shore railroads.

RECEIVERSHIP MAY PREVENT B. & M. STRIKE

U. S. Court May Prevent Interference With Running of Trains.

Boston, March 17.—It became known yesterday that the Boston & Maine railroad will endeavor to take advantage of its status in the United States Court—that of temporary receivership—to prevent, if possible, the spreading of the Big Four Brotherhood strike to its lines.

In a day or two, it is expected, the employees will be given posters containing parts of the order of Judge Putnam appointing James H. Hustis temporary receiver for the road, Aug. 29 of last year.

This order states that employees of the railroad are enjoined from interfering with or in any way disturbing any operation of the property.

It is said to be Mr. Hustis' opinion, based on advice of his counsel, that such a strike would violate the injunction of the court, and would constitute a case of contempt of court. On this latter point there appears to be a divergence of opinion.

George L. Mayberry, counsel for the Federal trustees of the Boston & Maine yesterday conferred with Judge James M. Morton, Jr., of the United States Court at the Federal building. The result of this conference, it is rumored, caused some alteration of the road's original plans to deal with the strike situation.

As justice of the court hearing matters relative to the Boston & Maine receivership, Judge Morton was told of the situation and of the views of Mr. Hustis as well as his intentions. Mr. Mayberry declined to discuss the matter following the conference.

As to whether a strike on a railroad in the hands of a receiver is contempt of court, Federal officers are divided. They say that decisions of the courts are in conflict. Conditions have varied in the different cases decided and it is pointed out that the point turns wholly on the circumstances as the court finds them.

STRIKE WOULD TIE UP NAVAL PROGRAM

Washington, March 17.—That this government's greatest naval construction program, the first section of which was announced Thursday, will be held

up and perhaps stayed indefinitely in even of a nation-wide railroad strike was the unofficial statement made by naval experts today.

Almost all of the yards which were awarded contracts in the \$112,000,000 building program of battle and scout cruisers, are building on "day to day" receipts of material.

MARTIAL LAW FOR OHIO IF NECESSARY

GOV. COX DECLARES THE STATE IS PREPARED FOR RAILROAD STRIKE.

Columbus, O., March 16.—Gov. Cox today issued a statement saying the state of Ohio was ready for any emergency in connection with the threatened railroad strike and that "if it becomes necessary to avert a food famine, or to give the President of the United States that co-operation in a crisis which he deserves, I will make martial law the law of the state—take over the railroads and run them."

The Governor's statement follows: "The railroads of Ohio are of the substance of our people. While they are under corporate direction, still they grow from the energy and resource of the state, deriving their present condition from the activities of the community through which they pass.

"These are perilous times and if it becomes necessary to avert a food famine or to give the President of the United States that co-operation in a crisis which he deserves, I will make martial law the law of the state, take over the railroads and run them.

"In an emergency such as this we are not looking for precedent. The law of the human heart becomes the law of the land. Martial law displaces all other law. Our creed will be justice to our people and help to our President, and I have every confidence that when the call is made on our citizenship the response will be satisfactory."

PROBATE COURT SESSION ENDS

York County probate court had a busy week at Biddeford and the session will close today.

On Thursday a petition was filed by Lucy S. Cleaves as a creditor and heir-at-law for administration of the estate of Mr. Sawyer, who died December 19, 1916. Other heirs entered an appearance and arranged to contest the granting of the petition. They finally got together with their attorneys and agreed upon Attorney Waterhouse as administrator.

Mr. Sawyer's estate is estimated at \$6,100.

The attorneys are N. B. and T. B. Walker, Fred A. Hobbs and Franklin B. Chesley.

A petition to sell personal estate was granted in the estate of Moses W. Webber, late of Biddeford.

Accounts were allowed in the following estates: Lewis Shordon, late of Buxton; Hannah A. Roberts.

Accounts were allowed in the following estates: Joseph Gagne, late of Biddeford; Frederick L'Abbe, Biddeford; Pellette Lord, Biddeford; Benoit Vallee, Biddeford; Adelard Dube, South Berwick; Paul R. Hubbard, of South Berwick.

The report of the commissioners on disputed claims in the estate of Flora Walters, late of Sanford, was allowed. The will of Joseph Baiguy, late of Biddeford, was presented for notice. The estate is estimated at \$500, which is given to the widow.

Accounts were presented in the following estates: Mary K. Allen, Alfred; Euphemia Hartabise, Biddeford; William Hayes Ward, South Berwick.

A petition for distribution was presented in the estate of Joseph Posey, late of Saco.

The will of Mary Victoria Banks Halstead, who died at Cincinnati, O., July 16, 1915, leaving an estate of \$3,000 in York county, was presented for notice. She gives all her real estate in trust to be divided in equal parts to the children.

A warrant and inventory, filed in the estate of Frank B. Flinders, late of Goffstown, N. H., was allowed.

Petitions to sell real estate were granted in the following estates: Emily Ward, late of South Berwick; Alfred Bartlett, late of Boston.

MRS. CARPENTER LEASES HOUSE AT CONCORD

Concord, March 16.—Mrs. Margaret Re Paul Carpenter has leased a house on Center street, in the exclusive West End, where she and her son, Ralph, will live until June 30, when her temporary custody of the boy terminates.

Mrs. Carpenter and her son have been living at a hotel here, but a recent order of the court cutting her allowance from her husband, Maj. Ralph G. Carpenter, who is suing her for divorce, has forced her to seek less expensive quarters.

Will occupy place with her young son until end of June.

U-BOAT FEARED GUNS

London, March 16.—"If we had been armed I do not believe the submarine would have got us," said Captain Norberg of the American steamship Algonquin, sunk by a German submarine on March 12, in an interview with the Associated Press today. Explaining his reasons for this opinion, he continued: "You must remember that we sighted the submarine when she was three miles away, before she opened fire. She was not submerged and made a good target. If we had carried but one gun at the stern of the Algonquin, I firmly believe we would have been able to give a good account of ourselves. In other words I believe that if we had not been successful in sinking the submarine we at least would have been able to fight her off."

"The fact that when the submarine came near the Algonquin it showed only the periscope until it was absolutely satisfied that we had no guns concealed aboard is additional reason for my holding the belief that they do not attack armed vessels with the same freedom as in the case of unarmed ships."

"I am certain that if we had been armed and able to hold our fire until the periscope appeared alongside the Algonquin we could have sent the submarine to the bottom as sure as taxes."

A PORTSMOUTH INTERVIEW

Mr. Pickles Tells His Experience.

The following brief account of an interview with a Portsmouth man over five years ago, and its sequel, will be read with keen interest by every citizen.

James Pickles, 129 Burket St., Portsmouth, says: "I was afflicted with kidney trouble for several years. The pain in my back was terrible and often sharp stitches so cramped me that I could scarcely move. The kidney secretions were irregular in passage and contained sediments like brick-dust. During the night, I was obliged to get up to pass the secretions. Although I tried various medicines, I was unable to get relief until I began using Doan's Kidney Pills procured at Philbrick's Pharmacy. They helped me from the first and a couple of boxes cured me."

(Statement given June 26, 1911.)

THE RESULTS LISTED.

On October 20, 1915, Mr. Pickles said: "You are welcome to use the recommendation I gave Doan's Kidney Pills in 1911. This medicine has given me permanent results."

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When cross, feverish and sick give "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-achs or diarrhoea. Listen, Mother! Sea if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

WILL CONSIDER AUTO TAXATION BILL TUESDAY

MR. YARWOOD'S BILL WILL BE SUBJECT OF SPECIAL ORDER FIRST OF WEEK—AMENDMENT SUGGESTED BY CONNOR

Concord, March 16.—House bill No. 63, a general act relating to motor vehicles of which Mr. Yarwood of Portsmouth is the author, came up for consideration in the house today, and no motion of Representative Morris of Concord of ward 5, Manchester. It was made a special order for consideration next Thursday at 11:01 a. m. Mr. Connor also submitted the following amendment to this bill.

"Amend said bill by adding a new section, to be section 2, and renumbering the remaining sections so they will read, 3, 4, 5, 6, 7, 8, 9, 10 and 11, as follows:

"Section 2. Whenever the applicant for a permit has been assessed for taxation during the current year direct by upon the whole or a part of the property which has been used for the purpose of the motor vehicle, the assessor or selectmen shall so certify, and upon the presentation of such certificate by the applicant the city or town clerk shall issue such permit without the payment of the fees provided for in section 3 reduced by the per cent of such assessed property which has been so used in the purchase of such motor vehicle.

"\$200,000 for State Boulevards

The sum of \$200,000 was authorized by a vote of the house under a new joint resolution. This provides for the expenditure of \$200,000 for the current year and an equal amount for the year 1918. The resolution provides for the completion of the East Side, West Side, Merimack South Side, Rockingham and Ossipee-Meredith boulevards. It was voted that the amount of money appropriated for the current that the sum of \$50,000 be made available May 1st, with the approval and consent of the governor and council.

Title Transfer of Webster Birthplace

When House Bill, No. 537, an act to authorize the governor and council to accept a transfer of the state of the title to the Daniel Webster birthplace was received in the house today from the committee on judiciary, it was accompanied by a report that the bill ought to pass.

Representative James E. French of Moultonborough addressed the house and moved that the bill be referred to the committee on appropriation, as it was his impression that it carried with it a provision for the expenditure of money. Chairman Cough of the judiciary committee replied that the bill, which was promoted by Ex-United States Senator William H. Chandler, did not design to put the state to any expense, in any event not for two years and that the bill in its present form was acceptable to the governor, who was familiar with its provisions. On this explanation Mr. French withdrew his motion and the bill was passed under a suspension of the rules.

Favorable Action on Two Resolutions

Favorable action was taken in the house on two joint resolutions calling for the construction of a permanent highway leading from Portsmouth Falls in Durham through West Milford to Stark for which purpose a sum of \$500 was appropriated for this year and the

year 1918; the second joint resolution, known as No. 53, appropriated the sum be expended for medical and surgical of \$1000 for this year and next year to treatment for indigent, crippled and tuberculous children.

Recommend That \$750,000 be Raised

House Bill, No. 340, came before the house in a new draft, providing for the assessment and collection of the annual state tax for the term of two years. It was recommended that the sum to be raised be fixed at \$750,000 the same as heretofore, and under a suspension of the rules, moved by Representative French of Moultonborough, the bill was passed under a suspension of the rules.

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"Pape's Diapiesin" is the quickest and surest stomach relief.

You don't know what upset your stomach—which portion of the food did the damage—do you? Well don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch-gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapiesin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your food limit without rebellion, if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapiesin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight, so gently and easily, that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.

GIRLS WIN DEBATE AT KINGSTON

High School Team Takes Negative Side on Compulsory Military Training.

The girls' debating team from the Portsmouth High school scored another success on Friday evening when they met and defeated the Sanborn Seminary team at Kingston. The local team, who were accompanied by Principal P. F. Dunfield, Misses Beane and Waters of the teaching staff, remained in Kingston over night, returning home this morning.

The subject of the debate was "Compulsory Military Training," and the local team had the negative side. The team is composed of Misses Merle Davis, Leodora Luce, Louis Leavitt and Frances Upham.

The judges were from New Hampshire college and were Professors Raymond, Leland and Moore.

TO REPRESENT TRAINING CAMP

Mark W. Anthony of this city has been appointed the local representative of the United States training camps, the seniors at Plattsburg and the Juniors at Portland Harbor.

Mr. Anthony was a member of last year's Plattsburg squad and he has taken considerable interest in the training camp project. Mr. Anthony

would be glad to explain the object of either camp to those who are interested in this very active preparedness program.

TO PUSH WORK AT PORTSMOUTH

Sec. Daniels Wants Yard Equipped at Once for Submarine Building.

Washington, March 16.—Secretary of the Navy Daniels has under serious consideration the immediate equipping of the Puget Sound and Portsmouth, N. H. navy yards, in order to start work at once, or at least a part of the 33 new submarines without waiting for bids from private ship yards which are to be opened April 11, it was learned today.

POLICE COURT

Bernard Cohen of Boston, arrested on Hanover street for peddling without a license, was before the court today to answer to the same. Cohen was soliciting orders for furniture, etc., and carried neither a state nor city license. He pleaded ignorance of the law and said that he did not consider that he was guilty of any violation. The law showed that the Boston man was not within his rights and the court imposed a fine of \$25 and costs \$6.13.

A case of non-support heard on Friday afternoon, the respondent, a local man, was found guilty and ordered to pay his wife \$5.00 per week. On this agreement he was released.

The green was in evidence about the city today.

THREATENED TO POISON BARGE CREW

Cook of Barge Marion Arrested in Lower Harbor and Tried in Kittery.

Winsor Torrey, steward on the barge Marion of Philadelphia, was taken off the craft in the lower harbor, on the Kittery side, last evening, by Deputy Sheriff James K. Boardman of Kittery. Capt. Harry Caspersen entered a complaint in the Kittery court that Torrey had threatened to poison the whole crew and particularly the master.

In the Kittery Court before Judge Justin H. Shaw later in the evening, Torrey was found guilty and on an agreement to accept wages due in the amount of \$20 and to quit the craft, was placed under \$200 cash surety to keep the peace for ninety days, and promised to get out of town as soon as he could get his clothes aboard the barge.

The men on the barge testified that Torrey had boasted of having killed a man in Philadelphia and of having served time for the crime. He was reported to have said that he would dose the captain and all the other "squareheads" with him. Torrey simply denied the charges.

Torrey was a man of peculiar antics, and it was suspected by some who observed him that he may be a drug user. The captain said Torrey was a good cook and did not drink, neither was he quarrelsome; that is, there had never been any trouble among the men, except that Torrey seemed to have poisoning on his mind, and was constantly telling the crew how different kinds of poison did its work.

The captain decided that he and the crew had better get ashore until they could get rid of the steward. Torrey deposited a bank book with the deputy sheriff as surety to obey the orders of the court.

The barge Marion is bound back to Philadelphia, from "down East." Torrey claims to have a home and family in Peaks Island.

BANQUET OF PAST COMMANDERS

Judge Calvin Page Re-Elected President; All Members Present.

The annual meeting and banquet of the Past Commanders of the DeWitt Clinton Commandery, Knights Templar, was held on Friday evening at the hotel Rockingham. For several years past this banquet has been held in Boston.

The meeting last evening was held in the Colonial dining room and the following officers elected before the banquet: President, Calvin Page; vice president, Albert R. Jenkins; secretary, Walter H. Page, and historian, Frank J. Philbrick.

The banquet was presided over by President Page and it was a very enjoyable affair, the tables looking especially fine while the menu presented by Manager Dudley was all that could be desired.

The menu: Grape fruit cocktail, celery, salted nuts, olives, clear consommé soup, broiled shad, drawn butter; julienne potatoes; soup sticks; roast chicken, giblet sauce; Delmonico potatoes, cream cauliflower, asparagus tip salad; vanilla ice cream, chocolate sauce; fancy cakes; Roquefort cheese, toasted crackers, coffee, cigars.

The following past commanders were all present. The list is in the order of their seniority: Calvin Page, Albert R. Jenkins, Frank J. Philbrick, Morris C. Foye, Gustave Peyser, Walter H. Page, John W. Newell, George B. Lord, John K. Bates, Charles B. Bailey, William M. Norlon, Willis N. Rugg and Mark W. Anthony.

TO SPEAK HERE.

Miss Laura Clay of Lexington, Ky., who has been touring the New Eng-

land states, will make her final appearance in New Hampshire, at Portsmouth, Wednesday, March 21. The Portsmouth Equal Suffrage Association will hold a reception at 8 o'clock at the Women's building on Middle street to which the public is cordially invited.

Miss Clay will speak informally for a few minutes during the reception. As Miss Clay is a personal friend of Miss Betsy Cloud, the playground instructor, and comes from her home town, it is hoped that there will be a large attendance to greet her.

THE HERALD HEARS

That everybody who cares to advance the interests of Portsmouth should attend the mass meeting on Tuesday evening next.

That the finance committee of the city council held another meeting on Friday evening.

That the Nushua Public Works have increased the pay of city laborers 10 per cent. Twenty was asked.

That New Castle people say the robin has arrived there.

That the electric railroad man claims the birds are not from the South but that they are from the same flock he saw at Rye in January.

That the barge for Portsmouth navy yard is coming and coming quick.

That from all accounts the Chamber of Commerce will start something.

That the new organization would be doing something if it went out for all state conventions to be held in this city.

That church choirs are working on Easter Sunday musical programs.

That the Portsmouth Yacht Club is to have a clam supper Sunday evening.

That no city in the state has shown any more speedy increase in telephone subscribers than Portsmouth.

That the Belling queens hope their Portsmouth male friends will not be forced to take to the trenches.

That a new type of telephone does away with the receiver, the talking and listening apparatus both being fastened to the transmitter arm or stand and allowing telephonic communication without the necessity of holding a receiver to the ear.

That a class of 15 young ladies have been formed for instruction in the matter of first aid and preparedness.

That they will be treated to a series of instructions by representatives of the Red Cross.

That some people object to rice on the ground that it is a favorite dish of the Chinese.

That they don't think of shunning meat which is a favorite food for the hyena.

The local company of Coast Artillery made a good showing at the inspection on Thursday night.

Every automobile dealer in this section is in favor of the Yawwood bill which comes up in the legislature next week.

The Irish flag at the Portsmouth Brewing Company was upside down this morning which led to considerable telephone conversation with the main office of the plant.

The committee in charge of the Chamber of Commerce meeting is hustling and the largest gathering of business and professional men ever held in this city is looked for.

A lecture on "The Hospital Corps of the Navy" will be given by Chief Pharmacist Mate Chas. P. Messenger, at the Y. M. C. A. at 3.30 p. m. Sunday afternoon, March 18th. The public is invited.

The tax assessors are busy getting the inventory blanks ready to send out for the first of April. They are also having a poll census taken, as the poll tax of \$2 is collectable on the first of April.

The Herald's bulletin board on Friday evening with news of the bomb explosion and the action to prevent the railroad strike, caused no mild sensation. The fact that none of the Boston papers carried the story was another surprise.

The section of State street between Chestnut and Middle streets was closed to traffic this morning while the street department cleared away the ice and snow which has made it one of the worst sections for travel in the city. Deep ruts filled with water has made the traveling dangerous.

The High school baseball team, which this year will have the greater part of last year's team, is very anxious to get outdoor practice. They is no place where they can do any indoor work and for this reason an early Spring is always welcome by the school athletes.

PLUMBERS AND MASTERS IN CONFERENCE

Masters Offer Increase and Half Holiday, But Will Not Sign Trade Agreement.

The union composed of plumbers, steam and gas fitters, held a conference with the master plumbers on Friday evening relative to the new working schedule presented by the workmen.

The union is understood to have made a request for \$4.30 per day, half day off on Saturday the year round. In addition to this they want an agreement which will prohibit the union from furnishing any labor on work on which unfair or non-union labor has been employed.

It is understood that the master plumbers will grant the half holiday and also compromise by making the pay \$4.40. At present the men are paid at the rate of \$4 per diem.

The hitch is on the trade agreement regarding the working on non-union work. It is said that the masters will not sign such an agreement and claim that forcing such an issue is not giving them justice.

Nothing definite was decided at the conference and the matter was left to the union to be brought before a meeting of the tradesmen on Sunday afternoon.

SENSATIONAL STORIES ARE UNFOUNDED

Alleged Arrest by Secret Service Agents Pure Fabrication.

Sensational stories regarding the alleged arrest of one or two of our citizens by secret service agents is without foundation. It is unfortunate that the stories are put in circulation affecting the honor and standing of law-abiding citizens. There is absolutely no truth whatsoever in these yarns. How they started is a mystery. They have not been arrested and there are no charges against them.

OBITUARY

William H. Brown.

William H. Brown, one of the best known residents of Kittery, passed away at his home in that town early this morning, aged 75 years.
